

**3G/4G Internet**  
**Connection with Wifi**

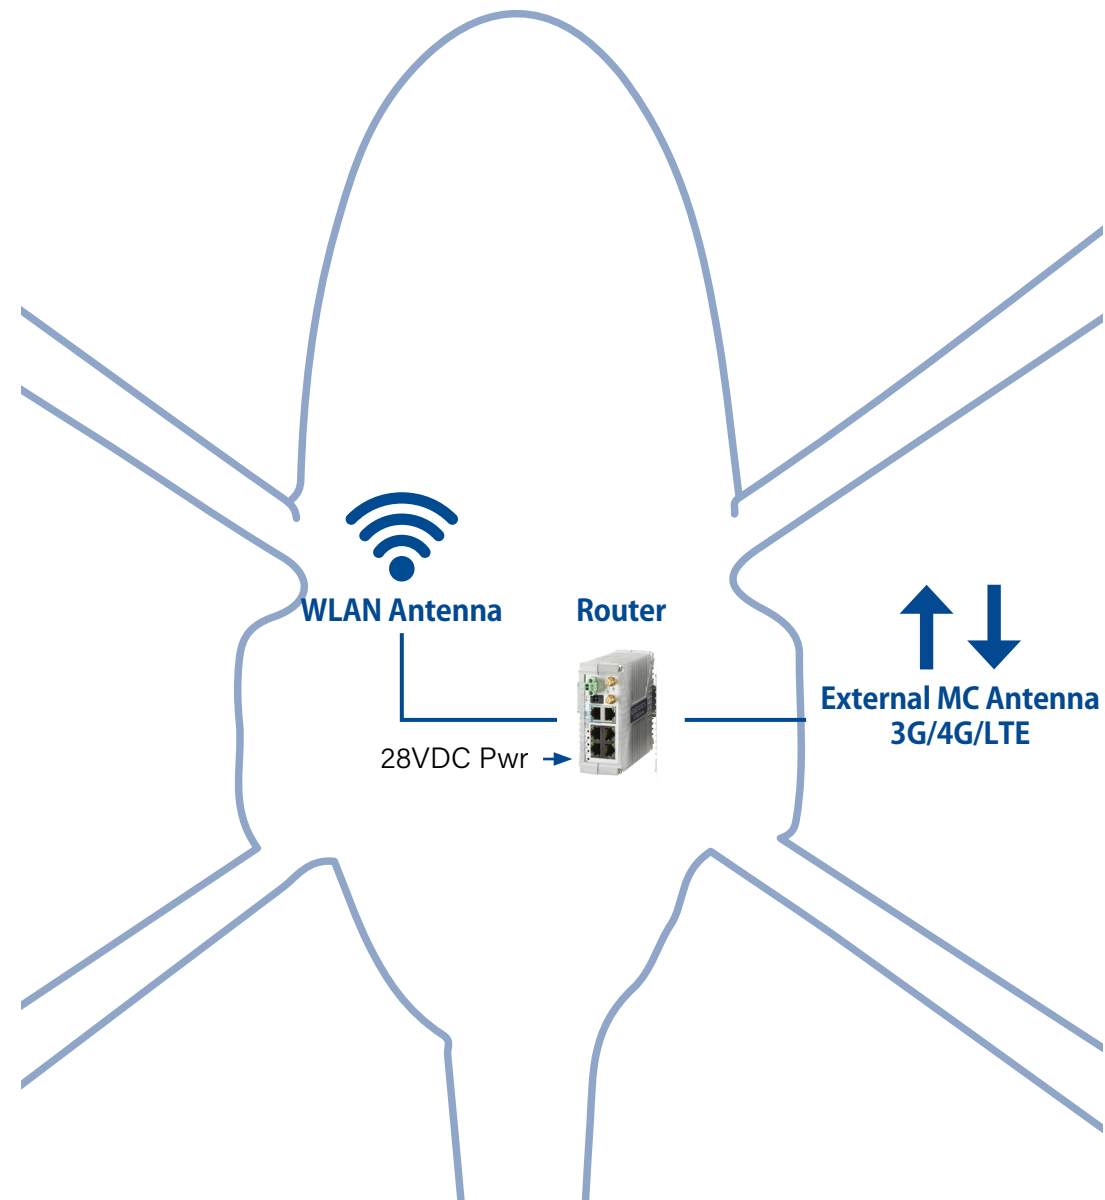

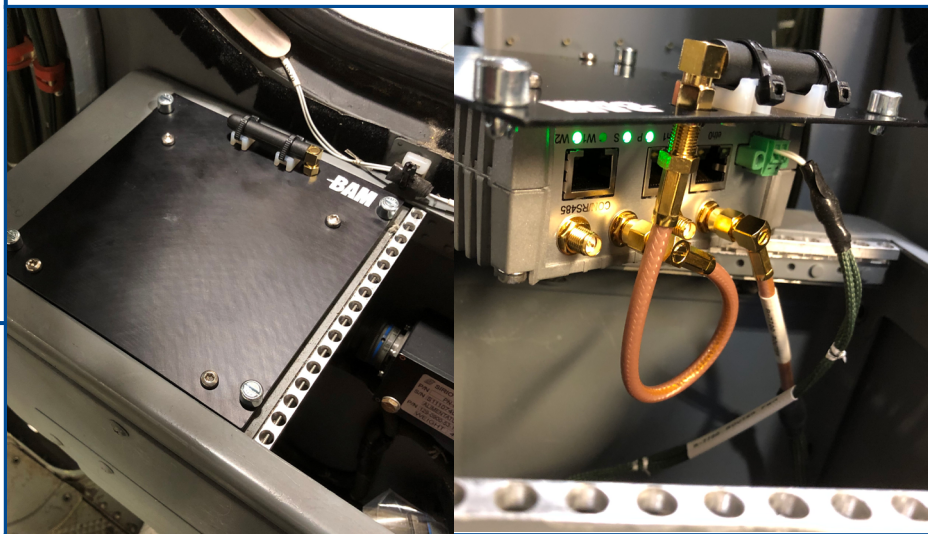

## 3G/4G Internet Connection with Wifi

### AgustaWestland 139

The system enables connection of any device to the WLAN network via an antenna. The Router serves as a dual-function WLAN and Mobile data Router with connection to the external Mobile data antenna. Operating on a 2.4GHz WLAN frequency, the Router is configured to WPA2-PSK HIDDEN SSID.

Power is supplied to the Router from A/C 28VDC system via a circuit breaker and an easily accessible on/off switch in the cockpit.

**Total Weight** 0.58 kg (1.3 lb)

# About BAM
